

# Kiddin' Around

Circle Of Fun \$349.00

Going Places \$449.00

Happy Trails \$385.00

## Why Be Child-Friendly?

Less confusion and fewer interruptions in your workplace. Having a Play Table in place in your office, showroom, clinic, restaurant or waiting area will help create an atmosphere in which employees, parents of young children, and people without children can conduct business without the interruption or confusion that so often is caused by young visitors.

## Free promotion for your business, practice, or clinic

When you purchase a Play Table you will get a free listing on our web site with a description of your business and services. You also we be able to use our Child-Friendly logos to let your customers, patients, clients or patrons know that you have provided for this growing need in customer service.

## Enhance your business image

Business owners who are sensitive to the needs of adults with young children are recognized as providers of strong customer service. Parents are disturbed by unsafe or unsanitary public play areas and don't look favorably on those who provide them. A "tub-of-toys" is neither cost-effective nor responsible, and it might put you at a legal risk. PlayTables by contrast are attractive, safe, easy to maintain, inexpensive, and are the perfect solution to engaging restless children in business settings. Your customers, patients, clients will applaud your forward thinking approach to customer service.

Purchase a Play Table, Child Activity Center or Play Panel today for as little as \$150.00 including FREE SHIPPING. It is a small business investment for big business returns!
